: JZC1000

Discover the high-performance for construction sites, road factories. Features 1600L feed discharge, and precise mixing efficiency today!

Parameter	Value / Description
Feeding Capacity	1600L
Discharge Capacity	1000L
Productivity	25 - 30 m³ / h
Mixing Drum Speed	1 3 r / mi n
Maximum Particle Siz	1 0 0 mm
Water Supply Error	2 %
Discharge Height	2 5 0 0 mm
Application Fields	General construction site, Road and bridge project, Concrete component
Selling Points	Sturdy and durable structure, Good mixing quality, Easy operation, Con
